## PREACHED ABOUT LOCAL POLITICS

Dr. Simpson Urges Good Men to Register and Purify

The Rev. Dr. T. McN. Simpson, pastor

of the Clay Street Methodist Church, preached two cloquent sermons on Sunday, and at the evening hour touched upon one of the most interesting subjects at the present time-local politics The speaker took his text from Gen., vi:5-8, and divided his sermon in three parts, as follows-"Corruption of the "Corruption of Civil Governand "Corruption of the Church." referring to the lax divorce laws, etc., that breed corruption in the homes, he took up the second part of his discussion, with reference to civil government, and said in part: "In the fourth chapter, sixteenth and seventeenth verses, we read: 'And Cain went out from the presence of the Lord \* \* \* and he builded a city,' etc. He builded a city apart from God, away from God, and ruled it independently of God. The customs and habits could be only evil, and it spread its pendently of God. The customs ambabits could be only evil, and it spread its blight upon all in reach In our day, the Cains of this generation have not the trouble to build cities; they find them already built, and they enter in and take charge and rule them without the fear of God before their eyes or the love of men in their hearts. They have gone out from the presence of the Lord. They are bent on their own gain, and they seek possession of the reins of government, the control of every institution and element of power, and after they pervert well nigh every one to their godless aims and ambitions.

"In our fair city of Richmond men of little reverence for God and no regard for man, except as they can make gain out of them, violate the laws, prostitute manhood, suffrage, and debauch the sons of our hope and love, that they may prosper and grow rich at others' cost; and we sit still and allow them to attain their purposes and gevomplish their designs. We often remaja away from the polis and allow the election to take its course without any interference on our part, regardless of who may be the candi-

and allow the election to take its course without any interference on our part, regardless of who may be the candidates. We neglect our poil tax and lose our vote, while often those who are not so much interested in the city's welfare as we are, perhaps, or should be, at least, are active and alert in the elections.

"Shall we continue to fold our hands and deplore the evil of corrupt politics, and deplore the evil of corrupt politics, and do nothing to purify them? Shall we lament the wrongs committed and make no effort to stop them? Let us throw off our apathy, arise from our slumber, and insist that men of honor and integrity shall everywhere sit in places of power; that laws founded in justice and righteousless shall be enacted, and righteous laws executed. Then shall our slides and our States and our country rerighteous taws executed. Then shall our cities, our States and our country rejoice as a strong man to run a race, and send forth streams of life and power that shall bless the land in every part."

Dr. Simpson closed his sermon by showing how corrupt becomes the church when allied with the world.

## MOVE OF INDEPENDENTS.

Wants Department of Commerce and Labor to Investigate.

As indicated some time ago, the Independent Tobacco Manufacturers' Association of the United States is preparing for and has in fact aiready entered upon a sort of death grapple with the American Tobacco Company and other concerns making up the so-called tobacco trust. The present fight grows out of the situation in New England, where the trust is endeavoring to force the independent goods off the market. Every effort is being made to checkmate this move, and attorneys have been engaged and the matter will be carried into the courts if necessary.

The latest development in the situation, which is of direct concern to the ruchmond independents, whose largest trade is in New England, is the introduction in Congress by Representative James A. Tawhey, calling for an investigation by the Department of Commerce and Labor. The text of this paper is as follows:

"Whereas, it is charged that a large class of wholesale dealers in chewing and moking tobacco in the New England States, comprising practically all the wholesale tobacco dealers in that section of the country, have suddenly and without notice or warning thrown out and discontinued the purchase and sale of all chewing and smoking tobacco not manufactured and sold by certain large corporations; therefore, be it

"Resolved That the Secretary of Commerce and Labor be, and he is hereby directed to inquire into and investigate the cause or causes for the refusal of such wholesale dealers in chewing and smoking tobacco for all kinds except that manufactured by the corporations aforesaid, and also the such as the continued the purchase and sale of chewing and smoking tobacco of silk kinds except that manufactured by the corporations aforesaid, and also the such parts of the second took of the purchase and sale of one of the such as a south took of the purchase and sale of one of the such as a south took of the such as a south took of the purchase and sale of one of the such as a south took of the such as a such as a south took of the such as a such as a south took of t As indicated some time ago, the Inde-pendent Tobacco Manufacturers' Associa-

suddenly appeared and threw a stone or brick-bat, which struck the woman on the head. She went home, suffered for a week without assistance, grew somewhat better, and attempted to go to work again. She was forced to return home, and a day or two ago died. After a thorough investigation, the coroner's jury yesterday brought in a verdict to the effect that the woman came to her death from a blow struck by Joe Langston, with a rock or some blunt instrument. The case is in the hands of Squire Myer Angle, who has issued a warrant for Langston, charging him with murder. a warrant 100 with murder.

Considerable interest has been aroused Considerable interest has been aroused by the introduction in the Circuit Court of three damage suits, all against the Virginia Passenger and Power Company. The suits are in the names of Charlo' Trafferi, who claims \$2,000 damages; Tullus Abami, who claims \$3,000, and John Cooke, who claims \$5,000. The attorneys in all three cases are Messrs, L. O.
